ScaleCapacity

Modernize Faster.
Deliver Measurable Impact.

We empower organizations with secure, scalable innovation, fueled by top-tier cloud-vendor partnerships and proven expertise across modernization, analytics, and AI.

aws PARTNER OF THE YEAR WINNER 2025

Data Analytics & Insights
We prepare data and automate ML workflows using SageMaker to deliver reliable insights.

Amazon Connect
We build and migrate AI-powered omnichannel contact centers, optimizing agent performance through analytics.

Platform Services
We build secure cloud foundations that enable efficient scale through DevOps, serverless, and cost optimization.

Application Services
We deliver agile product engineering and maintenance for scalable, sustainable products.

Generative AI
We deliver agentic AI that automates workflows and drives measurable productivity with strong governance.

Managed Services Program (MSP)
We enable organizations to operate AWS securely and efficiently, improving performance, controlling costs, and reducing risk.

What Makes Us Different?

We deliver measurable value through deep engineering expertise and purpose-built accelerators like GenAI POCs, training, and cloud readiness assessments that help customers adopt technology faster.

aws PARTNER Advanced Tier Services

7 AWS Competencies
5 Partner Programs
12 AWS Service Validations
100+ AWS Certifications

350+ Projects
200+ Customers
100+ Cloud Migrations & Modernization Projects
50+ Contact Centers Modernized

ScaleCapacity AI-powered Solutions

Intelligent Document Processing (IDP)
- AI-driven data extraction
- Time and cost savings
- Faster decisions
- Improved compliance

Intelligent Redaction
- Automated Redaction
- Data-Driven Insights
- Scalable and Customizable
- High Accuracy

SCQuill
- Fast, secure transcriptions
- Automated Keyword Highlighting
- Text and Media Sync
- Multilingual Support

DRAW
- Streamlined Workflow
- Built-In Security
- Seamless Integration
- Real-Time Tracking

PDF Remediation
- Public access and digital inclusion
- ADA, Section 508, WCAG compliance
- Fillable forms and image alt text

Voice to Voice Real Time Translation
- Removes language barriers
- Speeds decisions and execution
- Expands global reach and efficiency
